GENERAL SECRETARY
17 OCT. 1938

SIR,

Revision of Scale of Income and Expenditure
of
Sri Srikanteswaraswami Temple at Nanjangud.

Adverting to G.O.No.1659-60/Muz.144-29-2 dated 12th May 1932 sanctioning the revised scale of Income and Expenditure for the Temple, I have the honor to forward herewith a copy of letter No.H.1545/34 dated 8-3-1938 from the Deputy Commissioner, Mysore District, together with the entire correspondence on the above subject, and to state as follows:-

2. The revised Scale sanctioned in the above Government Order could not be given effect to, as there was not adequate provision for the payment of kandayam on Temple lands, Reserve Fund, etc., and hence, the Scale now in force is the old one sanctioned in G.O. No.379-81/Muz.579-18-2 dated 10-7-1919, with slight modifications made in the subsequent years.

3. The main feature of the present revision is that separate Scales have been proposed for Sivakuta and Temple proper, so that the Sivakuta may be an entirely self-supporting and independent concern.

4. A revised scale was proposed in June 1935 by the Sub- Division Officer, and this was returned for supplying certain additional information and for the remarks of the Deputy Commissioner, thereon.

5. The Deputy Commissioner has now submitted a modified scale for sanction. I have also, personally discussed the matter, both with the Deputy Commissioner, and the Sub-Division Officer. The

income

income estimated by the Deputy Commissioner is Rs.32,289-11-0. as shown in the enclosed statement, including the sum of Rs.3,000 expected to be realised by sale of golaka collections.

6. The Deputy Commissioner estimates the income from Sevartha fees at Rs.3,000 deducting Rokkavetcha due to the Temple servants in accordance with G.O.No.267-70/M.F.26-32-2 dated 11th August 1932. The average gross income from Sevartha fees, for 5 years ending 1935-36, works to Rs.5,247-15-6 a year and, therefore, the income from this source has been estimated at Rs.5,210-5-0, providing a sum of Rs.2,210 towards Rokkavetcha expenditure. Taking all other sources of income, as estimated by the Deputy Commissioner, the total income is, therefore, estimated at Rs.34,500 a year.

7. Expenditure:- Establishment:-The cost of the existing establishment of the Temple proper is Rs.984-12-0 a month. The Deputy Commissioner has proposed the revision of the establishment at a cost of Rs.1,004-4-0 a month, proposing some increase to the pay of the gumastas and reducing the number of Swasti Vachana persons, from eight to six. A sum of Rs.975 per mensem has now been proposed in this office for expenses under this head, as per statement attached. Neither any increase in pay nor abolition of establishment has been made, except those noted in the margin.

Peshkar's pay.	Rs.5- 0- 0	in arriving at the average pay of the grade of Rs.60-4-80.
Tafe. ...	0-12- 0	To be abolished.
Danka. ...	2- 0- 0	As there is no horse, this is omitted.
Tandaveswaraswami Ashtothara...	2- 0- 0	Since the barawardar Narasamma died.
Total:- Rs.	9-12- 0	per mensem.

8. Nityakatle:- Against a the sum of Rs.8,940 provided for Temple proper in the scale sanctioned in the Government Order of 1919, the Deputy Commissioner has proposed Rs.8,976 for this expenditure. The Sub Division Officer in his report No.77/34 dated 20th June 1935, has reported that no expenditure was made at all for Dadhyodana and Pongal and that, it was found unnecessary by the previous Dharmadarsis. In the proposals now made, the sum of Rs.8 provided for each of the above items have been omitted.

9. Thatte-anna.-

8. Thatte-anna:- For distribution of 400 Thatte-anna, 15 pallas of rice will be required for a month. The cost of rice was proposed in 1935 at Rs.10/- a palla. A sum of Rs.225 has now been proposed by the Deputy Commissioner towards this item, which works to Rs.14/- a palla. As the rate now proposed is excessive, a sum of Rs.190 has been proposed in this office, at Rs.12 a palla, allowing Rs.10 for fuel.

9. Deeparadhane and Electrical Charges:- The Deputy Commissioner has proposed Rs.175 for Deeparadhane and Rs.30 towards electric charges. The cost of Deeparadhane has been reduced to Rs.100, and a sum of Rs.70 has been provided towards the electric light charges.

10. Elephant Feeding:- A sum of Rs.46 was provided in the scale sanctioned in the year 1919. The Deputy Commissioner on the recommendation of the Gajasala Inspector of the Palace Department, proposed a sum of Rs.120/- a month for this item. It is reported that the calf-elephant died, and that there are two elephants only. The Peshkar, in his report No 478 dated 7-3-1937, reports that the elephants are being fed in his presence and that a sum of Rs.36-1-3 is being spent every month, as per present contract rate. From the average worked for 5 years ending 1935-36, the cost has worked to Rs.473-8-3 a year. Hence a sum of Rs.45/- a month has been proposed in this office for this item.

Retaining the other items, as proposed by the Deputy Commissioner, the cost under this head works to Rs.586 a month Rs.6,912 a year.

11. Hetchukatle:- The Deputy Commissioner has provided a sum of Rs.3,355 for items under this head. This has been reduced to Rs.2,957 for reasons noted in the margin. The sum of Rs.10 proposed by the

12. Miscellaneous:- As the gross income of the Institution is Rs.34,500, a sum of Rs. 1,725 has been proposed towards the contribution to Muzrai Establishment Fund against the sum of Rs.1,630 proposed by the Deputy Commissioner.

Against an income of Rs.34,500, a sum of Rs.26,227-5-3 has been provided for expenditure leaving a reserve of Rs.8,272-10-9 as noted below:-

1.	Establishment. ..	Rs.11,700- 0-0
2.	Nityakatle. ..	6,912- 0-0
3.	Hetchukatle. ..	2,957- 0-0

9.	Contingencies towards Muzrai Establishment Fund.	1,725- 0-0
10.	Pensions. ..	136- 8-0
	Total:-	Rs.26,227- 5-3

13. Having regard to the importance of the Temple and its various commitments for repairs and improvements, it is very necessary that a sufficient reserve should be built up, by exercising economy under Nityakatle and Hetchukatle items, without, in any way, interfering with the services in the Temple. The savings under Thatte-anna should not be utilised for any other purpose.

14. Regarding multiple appointments held by a single servant, the proposal of the Sub-Division Officer, that when the aggregate pay (excluding allowances paid to Sripada servants) falls short of Rs.6/- per mensem, maximum pay of all such appointments may be paid and when it exceeds Rs.6/- then full pay of one post carrying the highest pay and half-the-pay o the remaining appointments may be paid, may be approved.

15. As all the loans due from this Institution have been discharged,

the

the scale now modified, as per statements enclosed by this office, may be sanctioned.

16. Sivakuta:- The Deputy Commissioner has estimated the income from the lands endowed for Sivakuta at Rs.3,350/- and provided Rs.1,939-15-11 towards the feeding charges after reserving ~~of~~ Rs.1,206-0-1 towards the payment of kandayam on lands, and Rs.204 towards the pay of the cook and paricharak of Sivakuta.

A sum of Rs.2,889-6-0 on an average, for 5 years ending 1935-36, has been spent for the maintenance of Sivakuta. As the expenditure on this account has been brought under control, by the introduction of ticket system, it is statéd that about Rs.140 a month or Rs.1,680 a year is being spent for this purpose from 14th June 1937. As a sum of Rs.1,939-15-11 is now provided for feeding, the scale, as per enclosed statement, proposed by the Deputy Commissioner, for this purpose, may also be sanctioned.

17. The Deputy Commissioner will be asked to frame separate scale for private sevas, so that the expenditure on this account may be atrictly limited to the income derived from the endowments made thereof.

I have the honour to be,

Sir,

Your most obedient servant,

for IV Muzrai Commissioner.

Subject:- Revision of Scale of Income and Expenditure, Sri Srikanteswaraswamy Temple at Nanjangud.

With reference to your letter No.C.1192/32-33 dated 23rd February 1937 returning the entire file o records bearing on the above subject, for my remarks on the proposals made by Mr. K.Sreenivasan, I have the honour to forward herewith modified proposals for revising the scale of income and expenditure of the Sri Sreekanteswaraswamy Temple received with Nanjangud Sub Division Officer's No.Muz.77/34-36 dated 10th September 1937 and to state as follows:-

2. The scale proposed by Mr. K.Sreenivasan was re-examined by the present Sub Division Officer and modified proposals are submitted for sanction. The income of the Temple now proposed is based on the averag of last five years. The Dharmadarsis of the Temple have been given ful opportunity to discuss every item of income and expenditure proposed in the scale and their conclusions are embodied in the enclosed scale. I have also discussed the question with the local officers before recommending the revised scale.

3. Large variations in both income and expenditure as between those sanctioned in the scale of 1919 and those now proposed have been fully explained in the Sub Division Officer's report which is enclosed in the records in original (Flag 'V').

4. At the time of preparing the scale of 1919, Sivakoota transactions were merged with the Temple Funds. Now they have been shown separately The excess expenditure over the income from the lands endowed for Sivako will when necessary, be met out of the Temple Funds. With the consent of the Dharmadarsis provision has been made for incurring the excess expenditure, if any, from the Reserve Fund.

5. In the proposed scale, credit has not been taken of the realisation from the sale of unserviceable jewels and Golaka silver and gold collections which will amount to nearly Rs.3,000/- a year, if sold every year. I propose to add this realisation to the reserve fund as they are sold, to build up a fund, to maintain the Temple in good condition .

6. The scale of income proposed under other items are suitable and may be adopted.

7. I request that sanction of Government may kindly be obtained to the revised scale of income and expenditure proposed by the present Sub Division Officer and modified by me as per statement enclosed herewith.

8. The connected papers and detailed statements received from the Sub Division Officer are submitted herewith for reference.

The Muzrai Commissioner has reported that the scale of Income and Expenditure of the temple sanctioned in the Government order dated 12th May 1932 read above, was not given effect to, as there was not adequate provision for the payment of kandayam on the lands of the Temple Reserve Fund, etc., and that the scale now in force is the one sanctioned in the Government order dated 30th July 1919 read above, with slight modifications made in subsequent years. He has now recommended a revision of the scale, the main feature of which is that separate scales have been proposed for Sivakuta and the temple proper so that the Sivakuta may be an entirely self-supporting and independent concern.

According to the present revision, the income of the temple proper has been taken at Rs. 34,500 and the Expenditure at Rs. 26,227-5-3, providing for the Reserve Fund at Rs. 8,272-10-9. As regards Sivakuta, the income from the lands endowed to Sivakuta has been estimated at Rs. 3,350 and this amount has been proposed to be expended as noted below :—

	Rs.	a.	p.
(1) Establishment	204	0	0
(2) Assessment on lands	1,206	0	1
(3) Dinasi and other contingencies ..	1,939	15	11
Total ...	3,350	0	0

These proposals of the Muzrai Commissioner are sanctioned and the statements of Income and Expenditure of the temple as sanctioned are appended to this order.

Regarding multiple appointments held by a single servant of the temple, the Muzrai Commissioner has recommended that when the aggregate pay (excluding allowance paid to Sripada servants) falls short of Rs. 6 per mensem, the maximum pay of all such appointments may be paid and when it exceeds Rs. 6, the full pay of one post carrying the highest pay and half the pay of the remaining appointments may be paid. This recommendation of the Muzrai Commissioner is approved subject to the proviso that in the latter case when the total remuneration due to a servant calculated as above is less than Rs. 6 per mensem, the officiator should be paid the minimum pay of Rs. 6 per mensem.

ANNEXURE I.

Letter No. 1192—32-33, *dated* 10*th October* 1938, *from K. V. Anantaraman, Esq., B.A., Muzrai Commissioner in Mysore, to M. Venkatesa Iyengar, Esq., M.A., Secretary to the Government of His Highness the Maharaja of Mysore, General Department.*

Revision of Scale of Income and Expenditure of Sri Srikanteswaraswami Temple at Nanjangud.

Adverting to Government Order No. 1659-60—Muz. 144-29-9, dated 12th May 1932, sanctioning the revised scale of Income and Expenditure for the temple, I have the honor to forward herewith a copy of letter No. H. 1545-34, dated 8th March 1938, from the Deputy Commissioner, Mysore District, together with the entire correspondence on the above subject, and to state as follows :—

2. The revised scale sanctioned in the above Government order could not be given effect to, as there was not adequate provision for the payment of kandayam on temple lands, Reserve Fund, etc., and hence, the scale now in force is the old one sanctioned in Government Order No. 379-81—Muz. 579-18-2, dated 30th July 1919, with slight modifications made in the subsequent years.

3. The main feature of the present revision is that separate scales have been proposed for Sivakuta and temple proper, so that the Sivakuta may be an entirely self-supporting and independent concern.

4. A revised scale was proposed in June 1935 by the Sub-Division Officer, and this was returned for supplying certain additional information and for the remarks of the Deputy Commissioner thereon.

5. The Deputy Commissioner has now submitted a modified scale for sanction. I have also personally discussed the matter, both with the Deputy Commissioner and the Sub-Division Officer. The income estimated by the Deputy Commissioner is Rs. 32,289-11-0, as shown in the enclosed statement, including the sum of Rs. 3,000 expected to be realised by sale of golaka collections.

6. The Deputy Commissioner estimates the income from Sevaitha fees at Rs. 3,000 deducting Rokkavetcha due to the temple servants in accordance with Government Order No. 267-70—M. F. 26-32-2, dated 11th August 1932. The average gross income from Sevaitha fees, for five years ending 1935-36, works to Rs. 5,247-15-0 a year and, therefore, the income from this source has been estimated at Rs. 5,210-5-0, providing a sum of Rs. 2,210 towards Rokkavetcha expenditure. Taking all other sources of income, as estimated by the Deputy Commissioner, the total income is, therefore, estimated at Rs. 34,500 a year.

7. *Expenditure—Establishment.*—The cost of the existing establishment of the temple proper is Rs 984-12-0 a month. The Deputy Commissioner has proposed the revision of the establishment at a cost of Rs 1,004-4-0 a month, proposing some increase to the pay of the gumastas and reducing the number of Swasti Vachana persons, from eight to six. A sum of Rs. 975 per mensem has now been proposed in this office for expenses under this head, as per statement attached. Neither any increase in pay nor abolition of establishment has been made, except those noted below —

	Rs	a.	p.	
Peshkar's pay	5	0	0	In arriving at the average pay of the grade of Rs. 60—4—80.
Tafe	0	12	0	To be abolished.
Danka	2	0	0	As there is no horse, this is omitted.
Tandaveswaraswami Ashtothara	2	0	0	Since the bhawardar Narasamma died.
Total	9	12	0	per mensem

8. *Nityakatle* —Against the sum of Rs. 8,940 provided for temple proper in the scale sanctioned in the Government order of 1919, the Deputy Commissioner has proposed Rs 8,976 for this expenditure. The Sub-Division Officer in his report No. 77—34, dated 20th June 1935, has reported that no expenditure was made at all for Dadhyodana and Pongal and that it was found unnecessary by the previous Dharmadarsis. In the proposals now made the sum of Rs. 8 provided for each of the above items has been omitted.

No. 906-8—Muz. 121-38-2, dated 7th December 1938.

9. *Thatte-anna.*—For distribution of 400 Thatte-anna, 15 pallas of rice will be required for a month. The cost of rice was proposed in 1935 at Rs. 10 a palla. A sum of Rs. 225 has now been proposed by the Deputy Commissioner towards this item, which works to Rs. 14 a palla. As the rate now proposed is excessive, a sum of Rs. 190 has been proposed in this office at Rs. 12 a palla, allowing Rs. 10 for fuel.

10. *Deeparadhane and Electric Charges.*—The Deputy Commissioner has proposed Rs. 175 for Deeparadhane and Rs. 30 towards electric charges. The cost of Deeparadhane has been reduced to Rs. 100 and a sum of Rs. 70 has been provided towards the electric light charges.

11. *Elephant Feeding.*—A sum of Rs. 46 was provided in the scale sanctioned in the yer 1919. The Deputy Commissioner on the recommendation of the Gajasala Inspector of the Palace Department, proposed a sum of Rs. 120 a month for this item. It is reported that the calf-elephant died and that there are two elephants only. The Peshkar, in his report No. 478, dated 7th March 1937, reports that the elephants are being fed in his presence and that a sum of Rs. 56-1-3 is being spent every month, as per present contract rate. From the average worked for five years ending 1935-36, the cost has worked to Rs. 473-8-3 a year. Hence a sum of Rs. 45 a month has been proposed in this office for this item.

Retaining the other items, as proposed by the Deputy Commissioner, the cost under this head works to Rs. 586 a month—Rs. 6,912 a year.

12. *Hetchukatle.*—The Deputy Commissioner has provided a sum of Rs. 3,355 for items under this head. This has been reduced to Rs. 2,957 for reasons noted below. The sum of Rs. 10 proposed by the Deputy Commissioner for Basavajayanti has been omitted, as this is a new item of expenditure for which sanction has not been obtained. As gross income under Sevartha fees has been taken on the income side, a sum of Rs. 2,210 has been proposed towards the payment Rokkavetcha under expenditure:—

Items.	*Proposed by Deputy Commissioner.*	*Proposed by this Office*	*Remarks.*

Total . .	2,663	2 275	

13. *Miscellaneous.*—As the gross income of the institution is Rs. 34,500, a sum of Rs. 1,725 has been proposed towards the contribution to Muzrai Establishment Fund against the sum of Rs. 1,630 proposed by the Deputy Commissioner.

Against an income of Rs. 34,500, a sum of Rs. 26,227-5-3 has been provided for expenditure, leaving a reserve of Rs. 8,272-10-9 as noted below.—

		Rs.	a.	p
1.	Establishment ..	11,700	0	0
2	Nityakattle ..	6,912	0	0
3.	Hetchukattle ...	2,957	0	0

9	Contingencies towards Muzrai Establishment Fund	1 725	0	0
10.	Pensions	136	8	0
	Total	26,227	5	3

14. Having regard to the importance of the temple and its various commitments for repairs and improvements, it is very necessary that a sufficient reserve should be built up by exercising economy under Nityakattle and Hetchukattle items without, in any way, interfering with the services in the temple. The savings under Thatte-anna should not be utilised for any other purpose.

15. Regarding multiple appointments held by a single servant, the proposal of the Sub-Division Officer that, when the aggregate pay (excluding allowances paid to Sripada servants) falls short of Rs. 6 per mensem, the maximum pay of all such appointments may be paid and when it exceeds Rs. 6, then full pay of one post carrying the highest pay and half the pay of the remaining appointments may be approved.

16. As all the loans due from this institution have been discharged, the scale now modified, as per statements enclosed by this office, may be sanctioned.

17. *Sivakuta.*—The Deputy Commissioner has estimated the income from the lands endowed for Sivakuta at Rs. 3,350 and provided Rs. 1,939-15-11 towards the feeding charges after reserving Rs. 1,206-0-1 towards the payment of kandayam on lands and Rs. 204 towards the pay of the cook and paricharak of Sivakuta.

A sum of Rs. 2,889-6-0 on an average, for five years ending 1935-36, has been spent for the maintenance of Sivakuta As the expenditure on this account has been brought under control by the introduction of ticket system, it is stated that about Rs. 140 a month or Rs. 1,680 a year is being spent for this purpose from 14th June 1937. As a sum of Rs. 1,939-15-11 is now provided for feeding, the scale, as per enclosed statement, proposed by the Deputy Commissioner for this purpose, may also be sanctioned.

18. The Deputy Commissioner will be asked to frame separate scale for private sevas, so that the expenditure on this account may be strictly limited to the income derived from the endowments made thereof.
